CITY COUNCIL AGENDA REPORT

TO: Mayor Molina and Members of the City Council

FROM: Ken Irwin, City Manager

BY: Saadiah Ryan, Finance Director

MEETING DATE: June 20, 2016

ITEM NO: 5

SUBJECT: Approve Resolution No. 2016-56, Approving the Expenditure of the General Fund and all Other Funds Prior to the Adoption of the Fiscal Year 2016-2017 Budget at an Appropriation Level Not to Exceed that of Fiscal Year 2015-2016 Budget.

RECOMMENDATION

Approve Resolution No. 2016-56, approving the expenditure of the General Fund and all Other Funds prior to the adoption of the Fiscal Year 2016-2017 Budget, at an appropriation level not to exceed that of Fiscal Year 2015-2016 Budget.

BACKGROUND

Budget Workshops have been scheduled with Council for June 20, 2016. During this workshop the proposed General Fund Budget and all Other Funds Budgets will be presented by Staff and reviewed with Council. Council will hear operational plans and proposed capital projects and be able to provide feedback to staff for the upcoming Fiscal Year 2016-2017. In addition, Council will be given the opportunity to ask questions and share their thoughts and plans for the upcoming fiscal year that Staff can then incorporate into the final budget.

ANALYSIS

The current Fiscal Year's Budget ends on June 30, 2016. However, at this time budget workshop and feedback from Council have not been incorporated to Fiscal Year 2016-2017 Budget. The workshop is an integral part of the budgeting process to ensure that both Staff and Council's vision and goals, for the upcoming fiscal year, are aligned and incorporated into the financial plan of the City.

In order to continue normal and necessary operations for the General Fund and all Other Funds, staff recommends that Council, through Resolution, authorize continued expenditures as necessary, prior to the adoption of the Fiscal Year 2016-2017 General Fund and all Other Funds Budgets. These expenditures are not to exceed the appropriation level of the Fiscal Year 2015-2016 Budget.

Fiscal Impact

Matches last fiscal year budget.

RESOLUTION NO. 2016-56

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PATTERSON, CALIFORNIA, APPROVING THE EXPENDITURE OF THE GENERAL FUND AND ALL OTHER FUNDS PRIOR TO THE ADOPTION OF THE FISCAL YEAR 2016-2017 BUDGET AT AN APPROPRIATION LEVEL NOT TO EXCEED THAT OF FISCAL YEAR 2015-2016 BUDGET

WHEREAS, Budget Workshops are scheduled June 20, 2016; and

WHEREAS, the City is in the process of developing a Budget for General Fund and all Other Funds, not included in the General Fund for Fiscal Year 2016-17; and

WHEREAS, it is anticipated that the Fiscal Year 2016-2017 Budget will be adopted at a date to be determined in July, 2016; and

WHEREAS, the City is required to make routine and monthly payments for goods, services and miscellaneous maintenance as necessary to continue day-to-day operations of City government, at an appropriation level not to exceed that of Fiscal Year 2015-2016, until such time as the Annual Budget for General Fund and all Other Funds Fiscal Year 2016-2017 is adopted.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Patterson, continues the authorization to expend funds for the General Fund and all Other Funds prior to the adoption of the Fiscal Year 2016-2017 Budget, at an appropriation level not to exceed that of Fiscal Year 2015-2016 Budget.

PASSED, APPROVED AND ADOPTED this 20th day of June, 2016, by the City Council of the City of Patterson in the State of California by the following roll call vote:

City of Patterson

I hereby certify that the foregoing is a full, correct and true copy of a resolution passed by the City Council of the City of Patterson, a Municipal Corporation of the County of Stanislaus, State of California, held on the 20th day of June 2016, and I further certify that said resolution is in full force and effect and has never been rescinded or modified.

DATED:

City Clerk of the City of Patterson

CITY COUNCIL AGENDA REPORT

TO: Mayor Molina and Members of the City Council

FROM: Ken Irwin, City Manager 

BY: Saadiah Ryan, Finance Director

MEETING DATE: June 20, 2016

ITEM NO: 6

SUBJECT: Receive a presentation from staff and conduct a review and discussion of the proposed Fiscal Year 2016-2017 General Fund and All Other Funds budget for the City of Patterson. Provide direction to staff regarding the proposed budget.

RECOMMENDATION

Receive a presentation from staff and conduct a review and discussion of the proposed Fiscal Year 2016-2017 General Fund and All Other Funds budget for the City of Patterson. Provide direction to staff regarding the proposed budget.

BACKGROUND

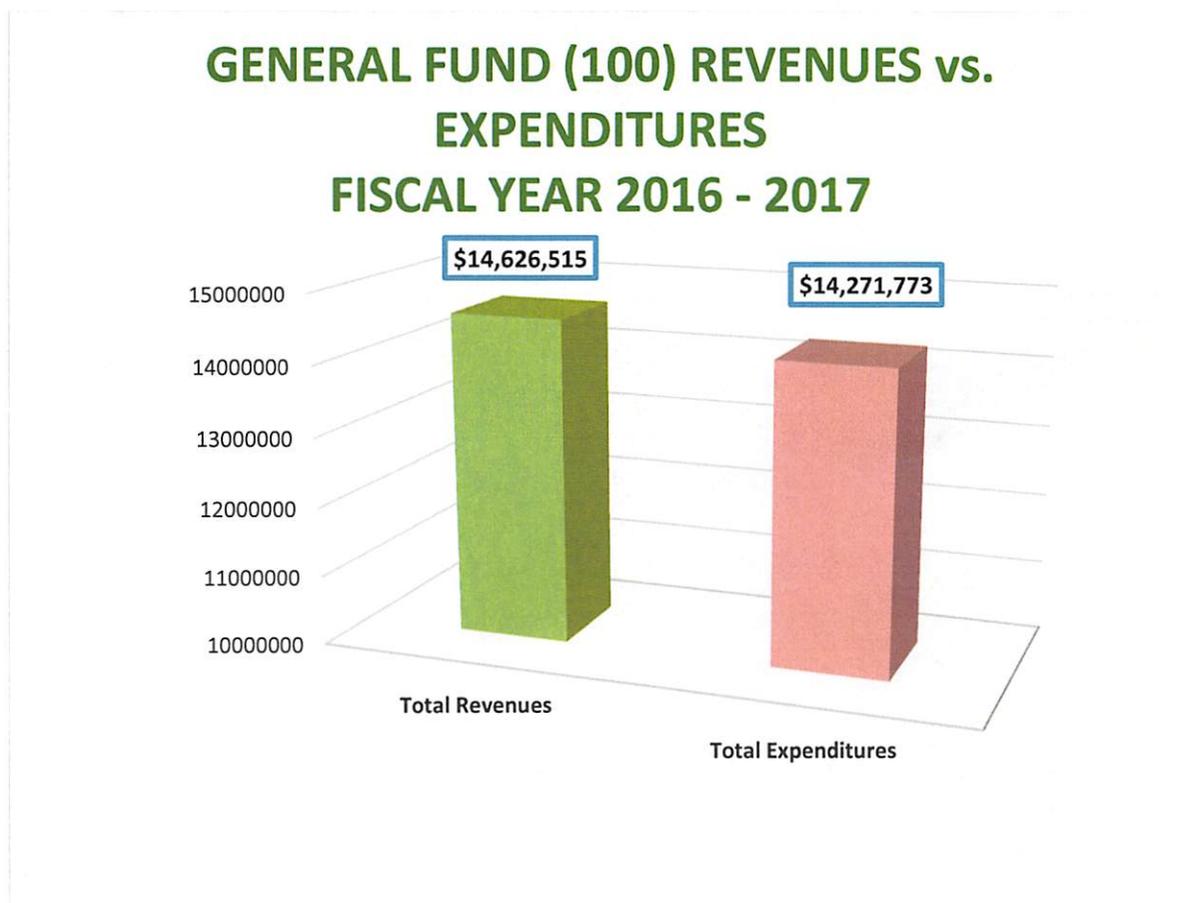

The City provides its services through three separate legal entities; the City of Patterson, the Patterson Public Financing Authority, and the West Patterson Financing Authority. The fiscal year for all three entities runs from July 1 through June 30. Staff prepares operating and capital improvement budgets for the City and the Authorities, which are then reviewed, discussed, amended and eventually approved by the City Council and the City Council sitting in its capacity as the Governing Board of the Authorities.

The City has approximately 40 Other Funds in addition to the General Fund and its various departments. Other Funds consist of **Enterprise Funds** (Water, Sewer, Garbage) and **Special Revenue Funds** – including Assessments (Landscape Maintenance Districts, Benefit Assessment Districts, Community Facilities Districts, etc.), Special Revenue Funds (Housing, Streets, Local Transportation Funds, Gas Tax, and Impact Fee (Community Facilities, Water, Sewer, Street, Public Safety, etc.)).

Due to the City's strong reserve position, Council has elected to use limited reserves over the past budget cycles as a way to minimize the impacts on service levels while maintaining a general fund reserve budget well above state standards. Staff has worked diligently to provide accurate and detailed projections and estimates to Council. Barring major concerns from the City Council with the budget proposed this evening, we are anticipating final adoption of the budgets for the City and the Authorities at a Council meeting to be determined in the month of July.

ANALYSIS

Tonight's workshop will focus on the City's General Fund, from which most of our basic services such as law enforcement, fire prevention and suppression, planning, engineering, building and capital projects, parks and recreation, and general administration are paid. The General Fund is balanced for FY 2016-2017, with no use of reserves. Because of one-time revenue in General Fund revenues, an anticipated funding installment plan, we expect approximately \$200,000 in TOT back charges and \$250,000 in repaid attorney fees this coming fiscal year. This enabled the City to bridge the gap and are able to balance the General Fund Budget with a projected surplus of approximately \$354,000.

During the workshop staff will provide an updated PowerPoint presentation that will provide an overview of the General Fund revenue/expenditure trends, specifics on the proposed figures for FY 2016-2017, and related information.

Next our focus will be the City's Capital Improvement Program Funds and Enterprise Funds, which is the City's second largest expenditures. The City utilizes Federal/State Grants, Enterprise fund revenues, impact fees and bond proceeds to fund the capital project expenditures.

Enterprise Funds:

Garbage, Sewer, & Water Operations: Operating expenses and revenues have increased in all Enterprise funds. However, expenses have increased more than increase in revenue due to increase in salaries and benefits and capital outlay. The recent sewer rate adjustment will help with this issue in the near future. A water rate study will also be performed following approval of the Water Master plan. This will also help remedy the deficiency in the slower revenue proportionately. The cash balance for the Water Operating fund is still healthy.

All Other Funds:

All other funds are presented before you in the Fiscal Year 2016-17 Proposed Budget.

City of Patterson

Fiscal Year 2016-17

Proposed Annual Budget

Introduction

City Manager's Message:

Honorable Mayor Molina, Members of the City Council, and Citizens of Patterson:

As your City Manager, I am very pleased to present to the City Council a proposed operating budget that is balanced for the upcoming Fiscal Year 2016-17.

It is important to note the balanced budget was not accomplished by borrowing or any reduction of current service levels to the community. The City's continued commitment to best practices in the area of financial stewardship has allowed the City of Patterson to receive an affirmed AA+ long term underlying credit rating with stable outlook from Standard and Poor's, a recognized world leader in the area of financial review, grading and insight.

The organizational workforce in the City continues to be very lean, operating with only 93 full-time positions and augmented by 103 part-time positions, as documented in this operating budget. Despite the lean nature of the current staffing level, the City will continue its commitment to deliver high-quality municipal services to our residents and businesses through a continued analysis of strategic staff deployment and enhanced engagement with the community for service requests as well as reporting opportunities in web based solutions. This type of innovative process reduces the service time by utilizing cloud based solutions that deliver repair and work requests electronically to service teams in the field. Additionally, it offers the community a one-to-one connection with the teams in the field who actually deploy services to their neighborhood in a way that is more efficient and cost effective. As we continue to monitor current progress and signs of recovery in the local economy, we remain mindful of escalating operating expenses and challenges in the years to come. Like most public agencies throughout the State, we are fully engaged in working to manage the ever increasing numbers of unfunded state mandates, such as the new Chrome VI regulations and drought restrictions.

In April of 2016, the City Council began the process to focus the efforts of the City, and all of its departments, by approving a Strategic Plan process for the City of Patterson. The Strategic Plan will serve to guide both City services as well as budgetary assignments in an effort to meet the operational objectives agreed upon and to be memorialized in the Strategic Plan. This will help set the City's mission to guide the City's critical path for the next three to five years. As we begin to implement the objectives of the Strategic Plan, it will be important that the efforts of all City departments work collaboratively to implement the set goals and successfully execute the key objectives of the Strategic Plan.

Although we continue to see strong signs of economic growth and recovery in Patterson, there is still a need to remain diligent in the area of budgeting. The FY 2016-17 budget continues to be resilient as we compare year-over-year revenue growth since the onslaught of the economic downturn. We will continue a conservative approach in our budgeting operationally to help ensure long-term financial sustainability which is a cornerstone of Patterson's financial objective. With this conservative approach to budgeting, along with clear direction from the Mayor and

Council, we will continue to see significant community enhancement. This will include enhancing our infrastructure, new shopping and dining opportunities, and attract new residents and businesses are eager to call Patterson home.

ECONOMIC CONDITION, OUTLOOK AND ACTIVITY

Patterson's economy continues to grow after a lengthy recession. Housing prices have increased and stabilized after the recession. New single family residential construction continues to grow.

The City appears to be in a favorable position to continue attracting jobs and retail establishments. Sales tax revenues have trended higher over the past years. New establishments such as full service Travel Center, Shell and Mobil gas stations and other various retailers will add to the City's sales tax base.

Patterson has established itself as a prime location for the distribution and logistics industry, with several major national and international corporations operating distribution facilities in the City's Business Parks. The presence of Amazon and Restoration Hardware solidified this growing reputation. These facilities are bringing good paying jobs to the community and should result in other types of economic development in the near future.

There have been delinquent property tax payments. However, regular tax collections will not be affected, since the City has agreed to participate in the Teeter Plan. The County forwards the proceeds of property taxes based on what is billed, not on what is collected.

CURRENT YEAR'S BUDGET

The following factors were taken into consideration during the preparation of the City's budget for the fiscal year 2016- 2017.

The recent signing of state legislation mandating a steady increase toward a minimum wage to \$15 per hour by 2022 point to further increases in weekly wages at an average yearly rate of 3.95% in 2017 and 4.51% in 2018.

An aging infrastructure for the City's sewer and water system continues to be addressed. Our Storm, water, and traffic master plans are reaching finality and a long range capital improvement plan will be adopted that will put funding and facility improvements in place. The City Council has approved a Proposition 218 compliant rate increase procedure that provided for sewer rate increases over time that will fund necessary maintenance and upgrades to this critical system. This same procedure will be completed for the water system following the completion of the Water Master Plan. Our concerns for the water rates will be based on the recent Chrome VI regulations and draught stipulations.

BUDGET HEADLINES

- Enhance and expand Recreation programs and classes for youth, adults, and seniors
- Increase program revenues through sponsorships and donations
- Review Recreation Department staffing; and develop levels of supervision
- Continued progress toward completing outstanding master plans
- Complete the City's strategic plan to prioritize projects, provide focus to staff and Council and to provide official direction to staff to achieve the goals of the City.

- Engage community through a broad spectrum of events to educate and inform them about public safety services; and collaborate to enhance services
- Continue with review of development and redevelopment activities
- Continued applications processes for grant opportunities

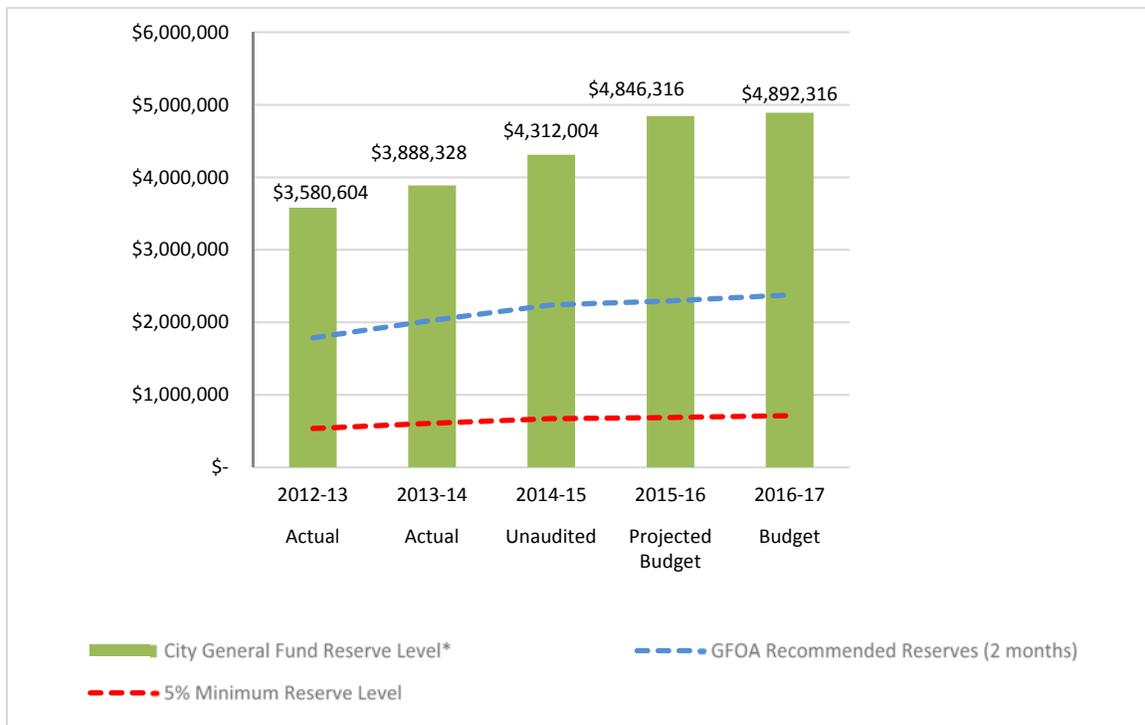

ANALYSIS

The key elements of budget are summarized below, but are described in much detail in the later sections of the proposed budget.

It is the recommendation of this office, that we establish a General Fund minimum reserve percentage to be compliant with Reserves best management practices. The City proposed budget maintains 34.28% of General Fund reserve in FY2016-17. It is important to note that the City's ability to maintain the General Fund operating budget reserve was accomplished through one-time revenue and without reduction of current service level to the community.

Percentage Reserve	33.39%	31.94%	32.08%	35.18%	34.28%

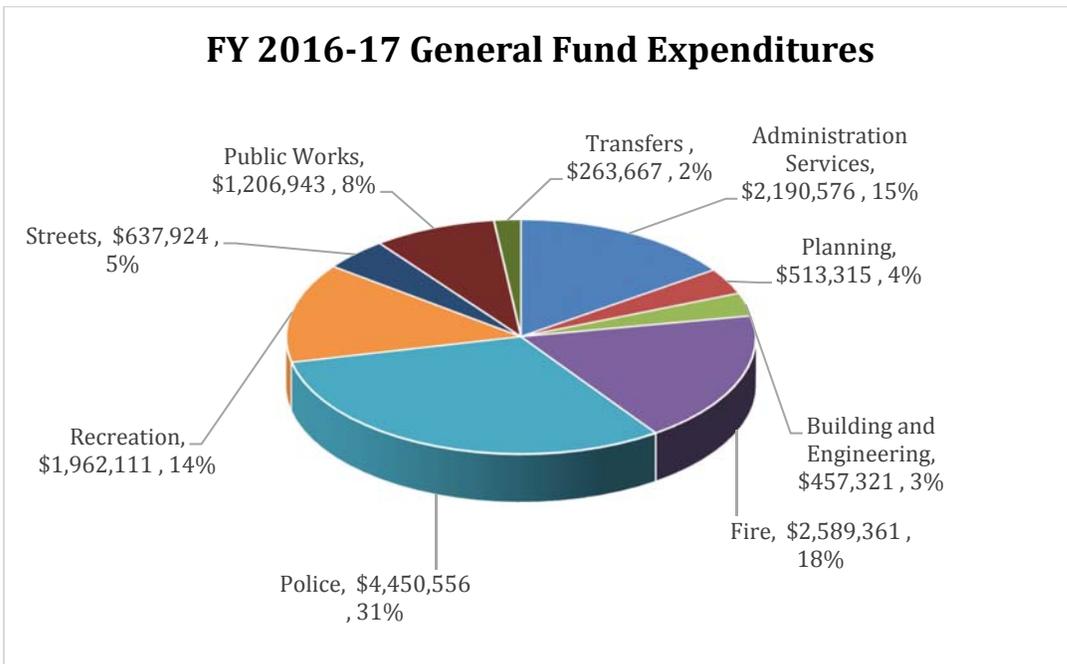

GENERAL FUND REVENUE

General Fund revenues proposed in FY 2016-17 budget are \$14.6 million which is an increase from prior year by \$291,000 due to one-time settlement revenue.

GENERAL FUND EXPENDITURES

General Fund expenditures proposed in FY 2016-17 budget are \$14.2 million which is an increase from prior year of \$495,000 due to increase in salaries and benefits and operations related to new recreation program and public safety program (Recreation Sports Part-timers, 3 new full time Firefighter Paramedics, 2 new full time police officers), Strategic Plan, Cost Plan, and capital outlay.

CAPITAL IMPROVEMENT PROGRAM

The Capital Improvement Program is necessary to maintain and improve the public works of the City. The public works include Street improvements, Sewer projects, Storm projects and Water projects. A summary of revenues, expenditures and fund balances for the various City funds that contain the individual capital projects are included in the later section of the proposed FY 2016-17 budget in this document.

To determine the funds available for Capital Projects in the FY 2016-17 Capital budget, the City considers the following:

- Projection of user fee revenues in the Water and Sewer funds based on current approved user rates.
- Projection of Impact Fee revenues based on current fees and development projections.
- Calculation of the interest on project and account balances where appropriate.
- Ongoing Federal and State grants

CAPITAL IMPROVEMENT PROGRAM FUNDING SOURCES AND EXPENDITURES

City Funds

The Capital Improvement Funds: The Capital Improvement Fund is unrestricted and can be used for any project designated by the City Council. The resources in this fund come from transfers from the City's General Fund, reimbursements for specific projects, bond proceeds, and interest earnings.

Federal/State Funds

Federal/State Grants: These funds are made available through an extensive application process that is usually initiated by City staff. Most grants require some kind of fund match from the City. Grant funds are appropriated when grant agreements are executed.

Transportation Development Act (TDA): These funds are derived from the statewide sales tax and are returned to each County for public transit and bicycle/pedestrian purposes. TDA funds may also be used for roads and streets.

City Enterprise Funds

Wastewater Revenue: These funds are generated from user fees and connection fees for sewer service provided by the Public Works Department.

Water Revenue: These funds are generated from user fees and connection fees for water services provided by Public Works Department.

Garbage Revenue: These funds are generated from user fees for garbage services provided by Public Works Department contracted through Bertolotti Disposal Company.

Impact Fees

Impact Fees: These fees are collected through the building permit process from new development projects. This provides funds for new or expanded facilities necessary as a result of growth and development. Impact Fees include street improvements, community recreation centers, City office space, fire stations, police stations, traffic signals, park site, street tree, air quality, water connection and wastewater connection.

ENTERPRISE FUND REVENUE AND EXPENSES

As illustrated below, Enterprise Fund total revenues and transfers budgeted for FY 2016-17 are projected at \$13.8 million and expenditures and transfers out are projected \$17.1 million. The combination of the carry-over of FY 2015-16 ending fund balance of \$40.8 million and the revenue and expenditure budgets for FY 2016-17 result in a projected ending available balance of \$37.4 million.

APPROPRIATIONS LIMIT

The City’s appropriations limit for this budget cycle has been prepared in accordance with uniform guidelines. The appropriations limit imposed by Propositions 4 and 111 creates a restriction on the amount of “proceeds from taxes” which can be appropriated in any fiscal year. The limit is based upon actual appropriations during Fiscal Year 1978/79 and has been adjusted each year since using population changes and inflation indexes.

The appropriations limit of \$48,948,326 for Fiscal Year 2016-17 is significantly greater than the actual appropriations of \$9,385,510 subject to the limit for this year. Therefore, it appears that the City will not exceed its appropriations limit in the foreseeable future.

Patterson's Next Chapter

In future years, the City will continue to attract commercial and industrial businesses to Patterson. Vibrant retail activity, combined with the growth in total employment, resulted in a growth in Patterson's residential development.

Our strategic planning process will commence starting this July. The plan will assist the City make strategic decisions that will promote and provide for a stable and prosperous City where residents will have a good quality of life and feel safe.

As Patterson's economic growth continues, the City expects to increase the number of support staff to administer and manage transactions, compliance and reporting requirements. At the same time maintain public safety and provide excellent service to the community.

On behalf of the talented and dedicated team of City employees I have the privilege of leading, I want to thank the Mayor and Council for their stewardship throughout these times. With the implementation of this budget, we will find ourselves in a stable position. From this point of stability, we can be honest with the citizens about the level of service we can provide and provide a level of predictability for City staff.

Respectfully submitted,

Ken Irwin
City Manager

2016-17 Budget

Department: Public Works

Division: Regulatory Compliance

Mission Statement: The mission of the Regulatory Compliance Division is to develop and implement programs and operations to ensure that the City of Patterson promotes a greener-healthier community and remain in compliance with Federal, State, County, and Local regulations and mandates.

Division Description: The Regulatory Compliance Division provides support, coordination and management services for six (6) major regulatory compliance programs that include

- 1) **Water Resources:** Includes Water Resources (Potable & Non-Potable), Water Quality, Groundwater Management, Flood Plain Management, and Water Conservation. The State Water Resources Control Board Division of Drinking Water (DDW) is responsible for regulatory oversight and ensuring that the City's water system is in compliance with all State/Federal/Local requirements and mandates.
- 2) **Stormwater Pollution Prevention (SWPPP) Management:** The City's Municipal Storm Water (MS) Phase II Permit and Executive Orders (2013-0001-DWQ) from the State Water Resources Control Board, the City must have a program to manage/mitigate rainwater and storm water at the source effectively and prevent pollution from entering the storm drain system/waterways to improve water quality. The City's program elements include updating City policy via Ordinance(s); public outreach and education; illicit detection and elimination; staff training; developing/implementing BMPs; enforcement; and annual reporting. The City's program has been in place since 2003 and has been updated to meet the new Phase II Permits that were adopted by the State.
- 3) **Solid Waste:** Includes Recycling (Residential & Commercial), Construction & Demolition (C&D), and Garbage/Sweeping Contract Administration. The goal is to satisfy all the regulations and mandates set forth by the State. The City must implement recycling programs (Residential Recycling, E-Waste, Hazardous Waste, Beverage Container Recycling, Mandatory Commercial Recycling, Commercial Organics Recycling, Construction Demolition Recycling/Diversion, etc.) to meet the State's waste diversion rates established at 75% by 2020. The City is regulated by the California Department of Resources Recycling and Recovery (CalRecycle).
- 4) **Fats, Oils, and Grease (FOG) Management:** FOG is an element of the City's Sanitary Sewer Management Plan (SSMP). An SSMP was first prepared for the City of Patterson in April 2009 to satisfy the requirements of the State Water Resources Control Board Order No. 2006-003-DWQ. The purpose of the SSMP is to properly manage, operate and maintain all portions of the agency's wastewater collection system, provide adequate capacity to convey peak wastewater flows, minimize the frequency of Sanitary Sewer Overflows (SSOs), mitigate impacts of SSOs that may occur and

meet all the notification and reporting requirements. SSOs cause a public nuisance, particularly when raw untreated wastewater is discharged to areas with high public exposure, such as streets or surface waters used for drinking, fishing or body contact recreation. SSOs threaten public health, and adversely affect aquatic life. This program requires the City to ensure that all City lines are properly maintained, prevent FOG from entering the sewer system, and requires any person/business generating FOG to install a grease interceptor. The City is responsible to ensure that all Grease Interceptors located in the City are maintained properly by the property owners to prevent sewer overflows. The City is regulated and mandated by Federal, State, and Local laws.

- 5) **Backflow Prevention/Cross Connection Control:** All drinking water suppliers are regulated by the State Water Resources Control Board, Division of Drinking Water (DDW) and required to have a Cross Connection Control Program to ensure that the drinking water is safe and reliable for all consumers. The City currently has over 500 backflow prevention devices to prevent water cross contamination. The City is required to ensure that all devices are tested on an annual basis and to report this information to the State. The City tests the majority of the devices located in the City, including those installed at City Parks, Facilities, etc. All personnel must be trained and certified to test the devices.
- 6) **Pre-Treatment:** The City is regulated and mandated by the EPA & State Water Resources Control Board to manage industrial/commercial wastewater discharges that enter the City's public sewer system via an Industrial Waste Discharge Permit. The goals and objectives are to establish the legal authority for the program; work with local businesses to identify the roles and responsibilities of each party; and to develop & implement a program to prevent the introduction of pollutants into the City's sewer treatment system which can interfere with the normal operations of the system and/or cause contamination. This program requires on-going maintenance, daily monitoring, lab sampling & analysis, and enforcement.

The majority of the environmental programs require policy, guidance, public outreach & education; staff training & certifications, enforcement, and on-going maintenance to ensure that the City stays in compliance with the environmental laws and regulations; minimize the environmental risk and liability; and promote environmental best management practices (BMPs) through cooperation of City, businesses, residents, developers, Contractors, and other stakeholders.

Recent Accomplishments: Completed the development of Post-Construction Stormwater Standards and presented to the City Council; Updated the Stormwater Ordinance No. 777 to comply with the new MS4 Phase II Permit requirements; adopted a Construction & Demolition Ordinance; Implemented Commercial Recycling Requirements for Businesses generating 4 cubic yards of trash per week; Implemented the new State requirements for AB1881(Water Efficient Landscape Ordinance); Continued with the Water Conservation Programs (Cash for Grass, Toilet Rebate, and Free Fixtures) & Enforcement and met Target Goal % for Water Savings; Implemented the Chrome 6 notifications and gave a presentation to Council on Chrome 6; Maintained the Public Outreach Program reaching out to Schools, Community, and Businesses (Arbor Week, Apricot Fiesta, Earth Day, Back-to-School Event, and National Public Works Week) where they learn about Public Works, trees, and Environmental Programs.

Future Year Goals: Develop and implement the upcoming State Trash Policy Amendments for screening all trash in the storm drain system down to no larger than 5mm; Present to Council for adoption a City's Landscape Ordinance that will comply/supersede the current State Water Conservation Landscape Ordinance/Mandates and Stormwater Regulations; Develop and Adopt new Landscape Design Guidelines/Standards; Complete the Years 3/4 Stormwater Permit Requirements, which will include compliance with monitoring/testing of TMDLs,

implementing LID / Post-Construction BMPs on all new development & City projects; Develop & Implement the State's Trash Policy Amendments for screening all trash in the storm drain system down to no larger than 5mm; Present to Council the Chromium 6 Feasibility Plan and implement steps to comply with these state orders; Continue with Water Conservation Programs & Enforcement; Fully implement a Pre-Treatment Program to target Industrial Areas that have a significant effect on the City's Sewer System; Develop & Implement Green Purchasing Policy; Present to Council SB 407 Plan to Comply with SB407 Requirements (Plumbing Fixture Retrofits); Obtain Grant Funding from Air Pollution District & Install two additional electric charging stations at City Hall Parking Lot and Senior Center; Develop & Implement Self-Reporting Program for FOG/Environmental Programs; and Develop & Implement an Organics Recycling Program by 2017;

Source of Funding: Regulatory Compliance activities are funded from several sources including: Water, Sewer, Garbage, LMDs, BADs, CSA, CFD, Bond Proceeds, Loans, Grants, General Fund, and new development.

LOCAL GOVERNMENT GLOSSARY AND ACRONYMS

Local Government Glossary and Acronyms

AD&D: Accidental Death and Dismemberment Insurance

ACCRUAL BASIS OF ACCOUNTING: A basis of accounting in which transactions are recognized at the time they are incurred, as opposed to when cash is received or spent.

ACTUAL: Actual level of revenues or expenditures in the fiscal year noted.

APPROPRIATION: An authorization by the City Council to make expenditures and to incur obligations for a specific purpose.

APPROVED BUDGET: The approved budget is the annual City budget approved by the City Council for expenditures on or before June 30.

ASSESSED VALUATION (AV): The dollar value of real or other property set as a basis for levying property taxes by the County assessor.

ASSESSMENT: Revenue collected for City services which benefit properties in specific areas or districts.

ASSETS: Property owned by the City for which a monetary value has been established.

AUTHORIZED POSITIONS: Positions approved by the City Council which may or may not have funding (see Budgeted Positions).

AVAILABLE BALANCE: The unreserved, undesignated portion of fund balance available for future operations. For Enterprise funds, fund balance represents the current working capital portion of the fund's equity, which excludes capital assets, long-term debt, and other non-current items.

BALANCED BUDGET: The budget for a fund is balanced when total budgeted resources, including revenues, transfers in from other funds, and unallocated fund balance from previous years meet or exceed total budgeted uses of resources, including expenditures and transfer out to other funds.

BASIS OF ACCOUNTING: Refers to when revenues, expenses, expenditures and transfers are recognized and reported. The budgetary basis of accounting for all the funds is modified accrual, with a focus on current financial resources.

BEGINNING/ENDING FUND BALANCE: Resources available in a fund after payment of prior/current year expenses.

BOND: A certificate of debt issued by an entity, guaranteeing payment of the original investment plus interest, by a specified future date. Bonds are typically used for long-term debt to pay for specific capital expenditures.

BROWN ACT: This Act governs the conduct of public meetings (California Government Code 54953).

BUDGET: An annual plan of financial operation embodying an estimate of proposed expenditures and the estimated means of financing them. The approved budget is authorized by City Council action and thus specifies the legal spending limits for the fiscal year.

BUDGET HEARING: A public meeting to allow citizens to comment on a proposed budget.

BUDGETED POSITIONS: The number of full-time equivalent positions to be funded in the budget.

CalPERS: California Public Employees' Retirement System
