

UNITE

4 CHANGE

3/22/2019

Join us as we STAND...

WITH Our schools

FOR Our children

UNITED As a Community

It is crucial that we as adults show our children that they are loved, appreciated, and safe.

Last year we invited parents and our community to **stand together** in front of each of our schools to **stand united for our children**. With such a huge success we invite you once again to **share our love** for our children, to **extend our appreciation** of them, and to **prove** that as a **United Patterson community**, we can come together to provide a happy, healthy, and safe environment, so that all our children may become successful, and **all their dreams become a reality!**
